How this guide works

This guide is the single reference for anyone creating Rejal™ or Dr Mit Ring® material: labels, boxes, ads, marketplace listings, web pages and social posts. When in doubt, follow the guide; when the guide is silent, ask Branding before publishing.

00	Brand architecture & trademarks	2
A	**Rejal™**: brand, logo, colour, type, packaging, photography, voice	3–12
B	**Dr Mit Ring®**: brand, logo, colour, type, packaging, ads, voice	13–20
C	Trademark symbols, tokens, checklists	21–22

Claims and label rules in this guide are brand policy based on the Food Act 1983 / Food Regulations 1985, the Medical Device Act 2012 and the Medicines (Advertisement and Sale) Act 1956. They are not legal advice. Final label text must be checked by a regulatory consultant before printing.

SECTION A

REJAL

كصيحتن ايت ساتو ڤلابورن

“Kesihatan itu satu pelaburan.” Health is an investment. Rejal is SuamiSihat’s heritage superfood line: wild Tualang honey, bawang lanang steeped in honey, and stevia, presented with Malay dignity and restraint.

Product definition & positioning

What Rejal is

A range of traditional Malay food products made from honey, bawang lanang and stevia, sold as **food**, never as medicine.

Positioning

Warisan Melayu, untuk lelaki yang melabur dalam kesihatan. Heritage, dignity, craft. The tengkolok stands for dignity and tradition. It is not a health claim.

Personality

DIGNIFIED · ROOTED · HONEST · QUIETLY PREMIUM

Not: loud, miracle-cure, "clinical", gimmicky.

Ownership

SS Ecom (SSE). Distributed by SuamiSihat Ecommerce Sdn Bhd. Name history: previously spelt "Rijal".

Product range

PRODUCT	PACK	DECLARED NET CONTENT	RIBBON	PRINT FILE
Bawang Lanang + Madu Tualang	Mini jar ("35ml")	Berat bersih: ___ g WEIGH FILLED JAR	Original	RBL35 80×26mm
Bawang Lanang + Madu Tualang	Jar	240 g (130 g + 110 g)	Natural	RBL240 200×60mm
Bawang Lanang + Madu Tualang	500ml jar ("450ml")	Berat bersih: ___ g WEIGH FILLED JAR	Natural	new
Madu Tualang Asli	Bottle	500 g	Original	500 label
Madu Tualang Asli	Bottle	1 kg	Original	RBL1K 200×150mm
Stevia (Pemanis Stevia Original)	Dropper + box	10 ml	Original	0050P V3 · box 43×43×83mm

Rule: declare what is inside, by weight, for honey and bawang lanang (g / kg). Jar capacity ("450ml", "500ml") is an internal name only and never appears as net content. Stevia is declared by volume (ml).

Wordmark & emblem

REJAL

Primary: white on Rejal Black
Default for labels, packaging and dark web pages.

REJAL

Secondary: Rejal Black on white
Light web pages, documents, invoices.

Emblem: tengkolok + ribbon
Jawi arc, double ring, QUALITY | ORIGINAL (honey, stevia) or QUALITY | NATURAL (bawang lanang). Dark backgrounds only.

Clear space

REJAL

Keep a margin of **½ X** on every side, where X is the height of the wordmark letters. Nothing (text, badges, edges) enters this zone.

Minimum size

ASSET	PRINT	SCREEN
Wordmark	18 mm wide	72 px wide
Emblem lockup	30 mm wide	120 px wide
Tengkolok alone	12 mm wide	48 px wide

The current tengkolok is a 226 px raster. Do not enlarge it past 30 mm until the vector engraving is ready.

Always use these files; never retype “REJAL” in another font.

Don’t

REJAL

Stretch or squash
Scale proportionally only.

REJAL

Recolour
White or Rejal Black only. Never green (implies organic).

REJAL

Place on off-brand colours
Black, white or photography with a dark overlay only.

REJAL

Rotate or skew
Always horizontal.

REJAL®

Use ®
REJAL is not yet registered. Use ™ or nothing.

Rejal

Retype in another font
Use the supplied artwork.

Emblem on white
The ring gap disappears. Dark only, until a light version exists.

REJAL

100% ORGANIK · KUAT BATIN

Crowd with claims
No badges or claims inside the clear space, and no health claims anywhere.

Gold is a finish, not a colour

Gold appears through materials: gold caps, the gold-and-black QUALITY SEAL band and (optional) gold foil on premium runs. Never as flat yellow ink, never as body text, never as a UI fill.

No green

Green with leaves reads as “organic”. Without myOrganic / MS 1529 certification that is a misleading presentation. Green is also Dr Mit Ring’s colour. Real ingredient imagery (stevia leaf) is the only exception.

Print accuracy

Pantone values are nearest Coated matches by ΔE2000. Confirm with a physical Pantone Formula Guide and a printer drawdown on the actual label stock before every new print run.

CENTRE · Jawi · wordmark · emblem · product · size box

BADGES · distributor

RIGHT · description · ingredients

1 · Centre stack

Jawi arc, REJAL, emblem ribbon, product name (condensed caps), size box. Always this order, always centred.

2 · Size box

Outlined box with icon, net content and product line ("MADU TUALANG PAHANG"). White 1pt rule on black.

3 · Brush mark

Faint grey brush shape behind the wordmark at 10–15% opacity. Never on top of text.

4 · REJAL repeat texture

Stacked condensed "REJAL" in dark grey on black: box flaps and back panels only.

Existing design retained. The current label artwork (2026) is the approved design. Updates are compliance fixes only (see A10), plus the gold foil option on premium runs.

Real product, warm and low-key

Do: cut-out on white
Marketplace and catalogue.

Do: real label, sharp
Readable label, true colours.

Don't: AI renders
Garbled labels ("BAWANG LANANS") and fake seals misrepresent the product.

Don't: claims & off-palette
Yellow headlines, bright blue CTA, "Organic", health benefits.

Mood

Dark stone or aged wood, warm side light, deep shadows. Raw ingredients in shot: Tualang honeycomb, bawang lanang bulbs, stevia leaf.

Composition

Product upright and centred, label facing camera, wordmark fully visible. Leave negative space on one side for copy.

Never

AI-generated packaging, stock images of other brands, medical props (stethoscopes, pills), or before/after imagery.

Say what is true

USE

- “Bawang lanang (bawang tunggal) diperam dalam madu Tualang asli.”
- “Madu liar dari pokok Tualang, hutan Pahang.”
- “Resipi warisan. Dibuat di Malaysia.”
- “Pemanis stevia original. 0 kalori setiap hidangan.” CONFIRM CRITERIA
- “Kesihatan itu satu pelaburan.”

NEVER

- “Melancarkan darah”, “tenaga batin”, “kuat”, vitality/sexual benefits
- Immunity, cardiovascular, digestive, cholesterol, nitric oxide claims
- “Organic / Organik” (unless certified)
- Lab figures (TPC, diastase, SAC %) without a report on file
- “Terbesar di dunia” as a bare claim
- ® next to REJAL

EVERY LABEL MUST HAVE

- Product name in Bahasa Malaysia
- Ingredients, descending order
- Net content: g/kg (honey, bawang lanang), ml (stevia)
- Nutrition panel in **kcal / kJ**, real serving size
- Manufacturer + distributor name and address
- Expiry date and batch number
- Halal / MeSTI only if that manufacturer’s own valid certificate
- Honey: “Tidak sesuai untuk bayi di bawah umur 1 tahun”
- Stevia: “Pengawet (natrium benzoat)”

Known fixes on current artwork: honey energy shown in “g” (must be kcal) · bawang lanang “Serving size 240g” is net weight · honey and stevia share MeSTI/Halal numbers across two manufacturers (verify) · “melancarkan darah / tenaga batin” copy to be replaced.

SECTION B

dr mit ring

CONDOM FASTENER

A discreet, reusable condom accessory: a soft lime ring that keeps a condom in place. Direka oleh SuamiSihat.

Product definition & positioning

What Dr Mit Ring® is

A **condom accessory** (“condom fastener”): a soft lime silicone ring worn over a condom to help keep it in place. Two rings per pack, foil sachet (“Asian Size”), reusable 3–5 times with proper care.

What it is not

Not a medical device, treatment or performance product. We make no claim about erections, ejaculation, stamina or sexual function.

Positioning

Aksesori kondom yang discreet, boleh guna semula, direka di Malaysia. In this category, **discretion is premium**.

Personality

DISCREET · CONFIDENT · CLEAN · PRACTICAL

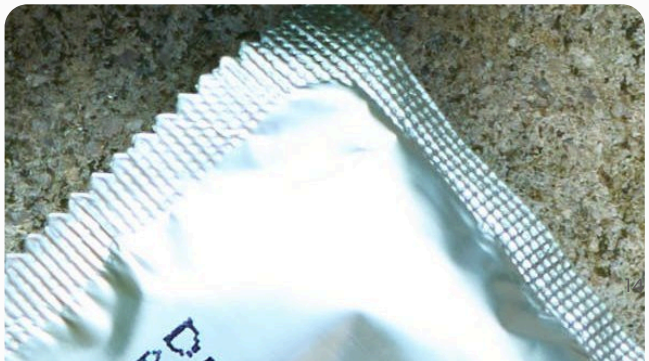

Credit line

Direka oleh SuamiSihat

Replaces all previous inventor credits. No individual doctor is named or pictured on any Dr Mit Ring material.

Current box to premium update

Current box (2026)
Lime camouflage, fist illustration, three badges, yellow “2 Rings” coin.

ELEMENT	KEEP	UPDATE
Wordmark pill + descriptor	KEEP	Tighten clear space; one size per face
Background		Matte off-white or black; lime as one band or edge only
Fist illustration		Replace with a clean ring line drawing or macro photo of the ring
“Strong & Harder Grip”		REMOVE performance wording
“Andrologically Tested”		REMOVE unless a test report is on file
“SuamiSihat Approved” seal		Replace with “Direka oleh SuamiSihat” signature
“2 Rings” coin	KEEP INFO	Small lime chip, not a yellow coin
Sachet print	KEEP	“Dr Mit Ring® · Asian Size · Best Before”
Leaflet		Rewrite: fit, care, reuse 3–5×, “Hentikan penggunaan jika rasa sakit atau kebas”. No erection/ejaculation text.

Box artwork source file is still needed from the designer before the update can start.

Retire these patterns

What's wrong

- Doctor credit ("Ciptaan Dr …"): retired.
- "Takut kesan sampingan?" implies a comparison with medicines.
- Pain points about erection and ejaculation ("tahan lama", "tegak", "pancut", "lambat muntah"): medical/sexual-function claims.
- Yellow on lime (1.93 : 1) and white on lime (2.45 : 1) fail contrast.
- Red × panic layout and brush script read as cheap.

Do

- Off-white canvas, black Poppins headline, real product photo, black pill CTA.
- Talk about fit, comfort, discretion and reuse: "Kekal di tempatnya." "Boleh guna semula." "Discreet, 2 dalam satu kotak."
- Lime only as the ring, the pill outline or one accent band.
- Sign off: "Dr Mit Ring® · Direka oleh SuamiSihat".

Accessory language only

USE

- “Aksesori kondom yang discreet.”
- “Membantu kondom kekal di tempatnya.”
- “Silikon lembut, boleh guna semula 3–5 kali.”
- “2 cincin dalam satu kotak.”
- “Direka oleh SuamiSihat.”

NEVER

- Erection, hardness, stamina, “tahan lama”, “kekerasan”
- Ejaculation timing: “lambat pancut / muntah”, premature ejaculation
- “Venous leakage”, blood flow, treatment of any condition
- “Andrologically tested”, “clinically proven”, “patented” without documents
- Doctor names, photos or “doctor recommended”
- Comparisons with medicines or “no side effects”

CHANNEL RULES

- Meta / TikTok: no explicit sexual wording; product-only imagery; 18+ targeting.
- Marketplace listings: same copy as the pack; no performance keywords in titles.
- Path A: product stays a condom accessory. If medical claims are ever wanted, it must first be registered with MDA (Act 737).

Using ® and ™ correctly

SuamiSihat®

- ® belongs to the **registered logo** (SS mark + SuamiSihat, registered colours).
- In text: “SuamiSihat®” at the first prominent mention per page, then “SuamiSihat”.
- The word alone is disclaimed: never claim exclusive rights to the word.
- Mono / reversed logo variants: no ® (registration is colour-limited).
- Sub-brand logos (SS Health, SS Clinic, SS Ecom…): no ®.

Dr Mit Ring®

- Registered, class 10. Use ® at first mention and on the pack.
- Keep “Dr” away from doctor imagery or endorsement wording.

Rejal™

- Application under objection hearing (handled by HR / legal).
- Use ™ or nothing. Using ® on an unregistered mark is an offence.
- Do not invest in large print runs that depend on the name until the hearing outcome.

All marks are owned by Amrulhasan bin Mohmad Hamdani or SuamiSihat Holding Sdn Bhd. A written licence to SuamiSihat Ecommerce Sdn Bhd should be kept on file for Rejal™ and Dr Mit Ring®.
