Claims review

Never publish: 'melancarkan darah', 'tenaga batin', immunity, cardiovascular, digestive or nitric-oxide benefits, 'organic', lab values (TPC, diastase, SAC %). Describe ingredients, origin and use only. Every label needs kcal/kJ nutrition, a real serving size, net weight, the infant warning on honey, and Halal/MeSTI only from that manufacturer's own valid certificate.

3 Positioning and voice

Warisan Melayu, untuk lelaki yang melabur dalam kesihatan. REJAL brings wild Tualang honey and honey-steeped bawang lanang from Malaysian forests to the modern table, with dignity and without hype.

Malay heritage

The tengkolok stands for dignity and tradition. Recipes and ingredients Malaysians already know.

Honest sourcing

Say where it comes from and what is in the jar. Origin and ingredients are the story, not promises.

Quietly premium

Matte black, one blue emblem, gold only as a material finish. Restraint reads as quality.

Voice

- Dignified and warm, like a family recipe passed on
- Plain-spoken: ingredients, origin, how to enjoy it
- Bahasa Malaysia first, English second

Avoid

- × Medical or sexual-health language (ubat, melancarkan darah, tenaga batin, kuat)
- × 'Organic' or green 'natural' cues without certification

- × Lab numbers or percentages without a report on file
- × Using ® next to REJAL

5 Pattern and graphic devices

REJAL repeat texture. Staggered rows of the condensed REJAL wordmark in dark grey (#3A3536) on Rejal Black, as used on the Stevia box flaps and back panels.

- Use on Rejal Black only: box flaps, back panels, web section backgrounds
- Keep text on a solid Rejal Black panel, never directly on the texture
- Never run the texture behind the main wordmark or emblem
- Do not recolour the texture; it stays a quiet tone-on-tone
